SREENATH K K

SOFTWARE DEVELOPER

Kozhikode, Kerala | +91 7736456500 | sreenathkk.dev@gmail.com | www.sreenathdev.online

Software developer skilled in building scalable web applications and applying data science techniques to solve real-world problems. Strong in Django, React, and modern web tech. Passionate about clean code, performance optimization, and intuitive UI/UX.

EXPERIENCE

Freelance Python & Web Developer | Remote   **2025 – Present**

Acharya Professional Accounting – Business Website

- Built a professional, responsive business website using **React.js**, **Tailwind CSS**, and **JavaScript**.
- Designed clear service sections, interactive CTA buttons, and integrated a Formspree-powered contact form for direct inquiries.
- Leveraged **ChatGPT** and AI copy tools to generate content structure and section drafts.
- Deployed live using **Vercel** with custom domain and routing.
- www.acharyaprofessionalaccountants.in

Client Portfolio Website – Personal Brand Showcase

- Developed a modern portfolio site with React.js and Tailwind CSS, showcasing projects, blogs, and a contact section.
- Utilized **Cloud AI** tools for asset generation and styling elements.
- All branding and visuals designed via **Canva**; wireframes built in **Figma**.
- Used ChatGPT for layout suggestions and professional content writing.
